

A REQUEST FOR PROPOSAL FOR PROFESSIONAL SERVICES CONTRACT

Department of Highways Professional Services Procurement Bulletin 2016-08 Environmental Investigations & Remediation

This document constitutes a Request for Proposals for Professional Service Contract from qualified individuals and organizations to furnish those services as described herein for the Commonwealth of Kentucky, Department of Highways.

I. PROJECT DESCRIPTION

This statewide contract is to provide necessary Environmental Investigations and Remediation services to bring and maintain KYTC facilities into favorable environmental compliance for two (2) years.

II. PROJECT INFORMATION

Project Manager – Craig Craig, PG

User Division – Environmental Analysis (DEA)

Approximate Fee – ~~\$2,000,000~~ \$800,000 per contract (Upset Limit)

Work will be assigned via Letter Agreement, not to exceed ~~\$100,000~~ \$200,000 per Letter Agreement

One (1) Consultant to be selected for each region

Project Funding – State Funds

III. PURPOSE AND NEED

Our mission is to bring and maintain the KYTC facilities into environmental compliance status as stipulated in the 1992 Memorandum of Agreement between KYTC and EEC. In order to achieve this, the Division of Environmental Analysis is responsible for Site Assessment Studies and development of corrective action/remediation and management plans. Additional staff and specific regulatory knowledge is needed periodically to accomplish this objective to keep or bring these facilities into environmental compliance. Each Consultant will be asked to perform such studies and develop and implement the above-mentioned plans along with providing regulatory and compliance knowledge through the environmental compliance process.

IV. DBE REQUIREMENT

None

V. AVAILABLE STUDIES

An Alphabetical list of County Maintenance Facilities is provided at:

<http://transportation.ky.gov/Maintenance/Pages/Highway-Districts.aspx>

Phase I and Phase II ESA's, Environmental Audits, Remediation reports will be available for the selected consultants.

VI. SCOPE OF WORK

The selected consultants will be required to provide Resource Conservation and Recovery Act (RCRA) and Comprehensive Environmental Response Compensation and Liability Act (CERCLA) based site assessments, evaluations, characterizations and remediation plans and control compliance reviews in accordance with RCRA, CERCLA, KY Underground Storage Tank (UST) regulations, the Clean Water Act and the US Environmental Protection Agency (EPA). This includes sampling, reporting, remediation and other environmental concerns.

VII. SPECIAL INSTRUCTIONS

Due to the potential volume and scope of work involved, two (2) consultant firms may be selected. The contract period is a two (2) year contract with no new work assigned after June 30, 2018, although the contract may be extended for time to complete work already assigned. Contracts will have an upset limit of ~~\$2,000,000~~ \$800,000. Once the upset limit is reached or the two year term has expired, services will be re-advertised and no additional work assignments will be made under the contract. Contracts will not be modified to increase the upset limit or extended for time to assign new work. No letter of agreement shall exceed ~~\$100,000~~ \$200,000 without written approval from the State Highway Engineer.

Two (2) regional divisions will be shown for the state, and the consultant should note in the proposal which regions that they can adequately cover with the specified personnel. The two (2) regions are denoted as follows:

Region 1: Districts 1, 2, 3, 4, 5 and 6

Region 2: Districts 7, 8, 9, 10, 11 and 12
